How to make Hello Music Snap Cards:

1. Print this document by selecting "File>Print"
2. Stick the pages onto card or laminate each 'card'.
3. Make the box to store your cards.
4. You are ready to play!

How to play the game:

1. Shuffle the cards
2. Deal the cards evenly between 2 players
(more players can play, but you may need to print more cards)
3. Each player places one card at a time in the centre of the table, to create two piles.
4. If the 2 piles show the same picture, then the first player to call 'SNAP' and slap their hand down on the cards, is the winner!
5. The winner of that round collects all cards on the pile, and another round is started.
6. Keep playing until one player has no cards left or until you are too hungry to play on.
7. Eat something then play another round of SNAP!

1. Shuffle the cards and deal equally to players. Cards are left in a face down pile in front of each player.

2. Starting with the youngest player and moving clockwise, each player (on his turn) QUICKLY turns over the top card from his face-down pile and puts it on top of his face up pile. When someone turns over a card that matches the card on top of another player's face up pile, the players race to be the first to say "Snap!"

3. The player who says "Snap" first wins both piles and adds them to the bottom of his face down pile.

4. If more than one player says "Snap" at the same time, whoever wins the first snap wins the whole pot.

5. The player who wins all the cards wins the game.
